1. Introduction

This manual explains how to use the Visitor Management System (VMS) — a web application that enables streamlined visitor registration, check-in and check-out, host notifications, and visitor tracking. The site allows visitors to choose the organization they are visiting and complete required steps in a secure and efficient way.

2. Getting Started

2.1 Accessing the Site

1. Open a web browser.
2. Go to <https://visit.gdop.gov.et/>
3. You will see the VMS home page with options in multiple languages (English / ኢንግሊሽ).

2.2 Supported Browsers

This site works best with modern web browsers such as:

- Google Chrome;
- Mozilla Firefox;
- Microsoft Edge;
- Safari.

3. User Roles & Overview

Roles: Administrator, Supervisor, Employee, Gatekeeper

Visitor

A person coming to a facility that needs to:

- Register visit details;
- Select the organization they are visiting;
- Perform check-in and check-out.

Host / Organization Admin

Receives visitor notifications and approves or manages visitor entries (if approval workflow exists).

4. Home Page Explained

When you visit the site, you will see:

- VMS title and main navigation menu;
- **Visitor Management System Overview:** total number of organizations and visits;
- A list of organizations you may select as your destination.

5. Registering as a Visitor

5.1 Select Your Destination

1. From the home page, choose the name of the organization you are visiting.
2. Click the **organization name** button to continue.

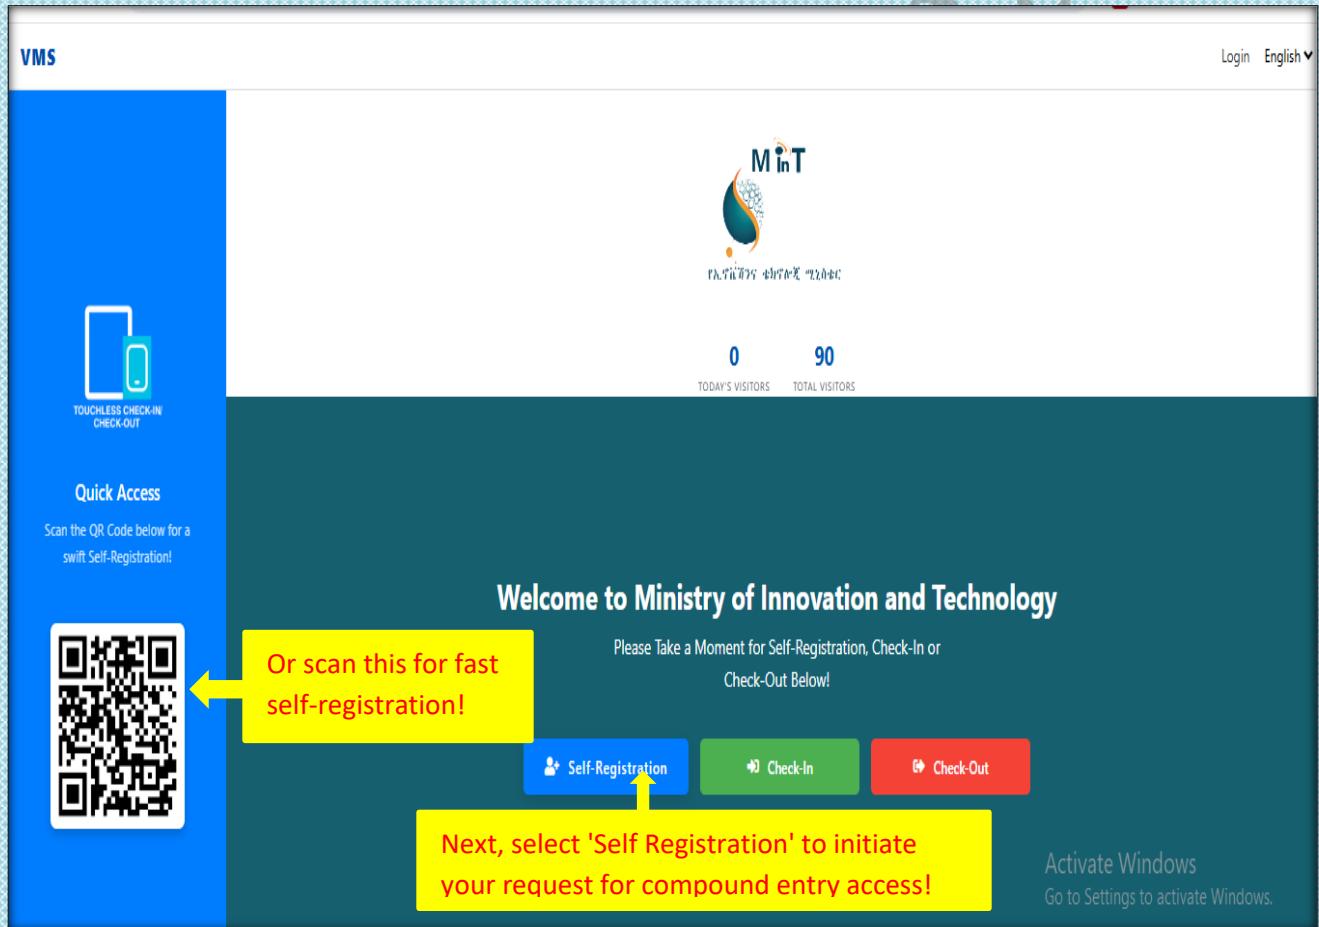

The next page will display the institute selection.

5.2 Fill Registration Form

1. Enter your **full name**.
2. Enter your **phone number** and email address.
3. Specify the **purpose of your visit**.
4. If required, select the **department** or **host person** (depends on the workflow).
5. Confirm and submit the form.

 **Tip:** Highlight required fields with a red asterisk (*) or clear text instructions.

Visitor Self-Registration

Please fill out the form below to register your visit.

6. Check-In & Check-Out

6.1 Visitor Check-In Process (Gatekeeper)

Important: Only **approved visitors** can be checked in.

1. The visitor arrives at the organization gate.
2. The gatekeeper verifies the visitor using one of the following:
 - QR Code
 - Visitor ID
 - Phone number or name search
3. The system displays:
 - Visitor personal details
 - Approval status
 - Approved visit time
 - Declared devices
 - Additional guests (if any)
4. Gatekeeper clicks **Check-In**

5. The system records:
 - Check-in date and time
 - Gatekeeper identity
 - Visit status as **Checked-In**

6.2 Visitor Check-Out Process (Gatekeeper)

1. When the visit is completed, the visitor returns to the gate.
2. Gatekeeper locates the visitor record.
3. Gatekeeper/Guest clicks **Check-Out**
4. The system records:
 - Check-out date and time
 - Visit duration
 - Guests Feedback
 - Final visit status as **Completed**

6.3 Outdated & Expired Requests

- If a visitor **does not check in** *within the approved time range*:
 - The request is automatically marked as **Outdated**
- Outdated requests:
 - Cannot be checked in
 - Appear under **Outdated Requests** in reports
 - Are included in analytics and audits

7. Common Errors & Troubleshooting

Problem	Solution
Cannot load the site	Check your internet connection or try a different browser
Registration fails	Make sure all required fields are filled correctly
No notification received	Verify your email / phone number was entered correctly

8. Frequently Asked Questions (FAQ)

Q: Can I register without selecting an organization?

A: No — you must select a destination organization to continue.

Q: What if I miss my check-out step?

A: Contact help desk or admin support for manual check-out.

Q: Can I update my details after submitting?

A: Usually no — make sure you correct information before submitting or do a new registration.

9. Glossary

- **Visitor:** A person who is coming to a premise.
- **Host:** The person or department facilitating the visit.
- **Check-In / Check-Out:** Recording entry and exit times.
- **QR Code:** Scan-able code used for fast identification and check-in.
